

RESOLUTION OF BOSTON REDEVELOPMENT AUTHORITY RESPECTING RELOCATION  
PAYMENTS

WHEREAS, Chapter 121 of the Massachusetts General Laws has been amended by Chapter 619 of the Acts of 1966 to authorize cities and towns to raise and grant money to redevelopment authorities for the making of business relocation payments;

WHEREAS, the Federal Government will provide two thirds of the excess cost over \$25,000 of each displaced business firm's moving expenses if the local authorities will pay the other one third;

WHEREAS, without such increased Federal and local financial assistance, numerous business concerns displaced and to be displaced from Urban Renewal Project Areas in Boston will suffer hardship;

NOW, THEREFORE, be and it hereby is resolved by the Boston Redevelopment Authority that -

1. It is estimated that business firms being displaced from urban renewal projects in Boston in the next few years, and since August 12, 1965, will incur in the aggregate approximately \$1,588,000 of moving expenses in excess of \$25,000;
2. The Development Administrator is authorized and directed to make an appropriate request of the Mayor of the City of Boston for a grant of funds to the Authority for the making of relocation payments under

Chapter 121 of the General Laws, as amended by Chapter 619 of the Acts of 1965.

3. With any funds granted to the Authority by the City as aforesaid the Authority will make payments under Section 26J of said Chapter 121 as amended by said Chapter 619 for reimbursement of moving expenses to eligible business firms displaced on or after August 12, 1965, in accordance with the Authority's usual business relocation policies, procedures and practices, except that the \$25,000 maximum will no longer apply.

October 27, 1966

TO: Boston Redevelopment Authority

FROM: Edward J. Logue, Development Administrator

SUBJECT: BUSINESS RELOCATION PAYMENTS  
Request for City Funds  
to make business relocation payments  
in excess of \$25,000.

At present business relocation payments are paid entirely with Federal funds. Until last year, Federal regulations limited those payments to a maximum of \$25,000 to each displaced business firm.

Effective August 12, 1965, the Federal Government changed its regulations to provide not only that the Government would pay the first \$25,000 of a displaced firm's moving expenses, but also that it would provide two thirds of the excess over \$25,000 if the local authorities would pay the other one third.

The State legislature has now provided the means by which the City of Boston and the BRA can provide the local one third of the excess. Chapter 121 of the General Laws has been amended by Chapter 619 of the Acts of 1966 to authorize cities and towns to appropriate and grant money to their redevelopment authorities for the making of relocation payments to match the Federal funds. The bill was signed by the Governor on September 2 and will take effect in December.

I estimate that business moving expenses in excess of \$25,000 per move since August 12, 1965, and for the next few years for projects in execution or advanced stages of planning will be roughly as follows:

Project	Number of Firms	Total Cost in Excess of \$25,000	Local Share
Castle Square	1	\$ 35,000	\$ 11,700
Charlestown	17	435,000	145,000
Fenway	4	135,000	45,000
Government Center	1	11,000	3,700
South Cove	7	50,000	16,700
South End	18	265,000	88,400
Waterfront	16	657,000	219,000
TOTAL	64	\$ 1,588,000	\$ 529,500

The foregoing estimates do not include anything for loss of property simply because Federal regulations effectively limit the use of Federal funds for such losses to displaced firms whose total claim does not exceed \$3,000.

Attached are the following:

1. A Resolution of the Authority directing the Development Administrator to request the Mayor to provide the funds necessary to make the additional relocation payments available, and providing that any funds made available pursuant to the request will be paid out to displacees in accordance with the Authority's usual business relocation policies, procedures and practices.
2. A project by project breakdown of the number of firms estimated to be displaced each year and the amount of funds involved.
3. A listing of each firm whose moving costs are estimated to exceed \$25,000.

A suggested vote is attached.
